

**Join us in shaping the new Medical School at Bielefeld University:  
Future-oriented, interprofessional, and strong in research and teaching**

The **Medical School EWL** at Bielefeld University intends to fill at the **Campus Klinikum Bielefeld** a

## **Professorship for Otology/Neurootology (W2)**

at the earliest possible date.

At Bielefeld University, an innovative Medical School with an interdisciplinary individual and population medicine orientation and the University Medical Center East Westphalia Lippe, with the Klinikum Bielefeld, Evangelisches Klinikum Bethel (EvKB), and Klinikum Lippe as holders, are established. We are looking for personalities who want to seize the development situation and its challenges as a chance and actively participate in research, teaching, patient care, and organization. We offer an exciting environment that opens up a wide range of opportunities. You will be significantly involved in the further planning and implementation of the model study program in human medicine (according to ÄApprO), as well as in implementing the "clinician" and "advanced clinician scientist" programs, and you will have the opportunity to apply innovative concepts in teaching. At the same time, you will take on a significant role in developing an interconnected, inter/nationally competitive research profile "Medicine for people with disabilities and chronic diseases". For more information, please visit <https://www.uni-bielefeld.de/fakultaeten/medizin/forschung/profil/>.

The call aims at personalities with a promisingly national and international research profile who can represent the field of work in research, teaching, and patient care in its entirety.

The prerequisites are

- specialist qualification for Otolaryngology,
- relevant doctorate, and additionally scientific achievements according to § 36 paras. 1; no. 4 HG NRW,
- very well scientific achievements reflected in corresponding publications and third-party funding,
- broad clinical management experience in the field of otolaryngology with a focus on otology, neurootology
- proven surgical expertise in the field of middle ear surgery and implantable hearing systems and in the application of modern surgical procedures in otology as well as vestibular surgery
- basic science and/or clinical research experience in the field of implantable systems,
- connectivity to the research profile of the Medical School EWL,
- extensive and innovative teaching experience for the subject to be represented,
- experience and active involvement in the equality-oriented promotion of young scientists.

As position holder, you will lead the area of Otology and Neurootology within the Head and Neuro Center of the Department for Otolaryngology at Klinikum Bielefeld (<https://www.klinikumbielefeld.de/klinik-fuer-hals-nasen-ohrenheilkunde-kopf-und-halschirurgie.html>). Klinikum Bielefeld has been certified as an Oncological Center of the German Cancer Society in 2021, including the scope of head and neck tumors.

You will develop the Otology and Neurootology area of the Head and Neuro Center clinically and scientifically and establish a comprehensive implantation and rehabilitation program for cochlea and active middle ear implants within this framework. Within the department of Otolaryngology you

will also form a competitive fundamental and clinical research area concerning the optimization of biomechanical and bioelectrical interfaces of implantable systems.  
Desired is the experience as an investigator in multicenter research projects and clinical trials.

We expect networking with other departments of the University Medical Center East Westphalia Lippe, other faculties of Bielefeld University, and the medical community in private practice in the region. Accordingly, we are looking for a personality with leadership experience, expertise in the entire field and excellent communication and coordination skills.

The Klinikum Bielefeld aims to increase the proportion of women in management positions and, therefore, strongly encourages women to apply. The Klinikum Bielefeld stands for a family-friendly working environment tailored to your wishes and requirements. We offer an in-house daycare center with the option of bilingual education.

### **For the appeal applies:**

The requirements for employment follow § 36 HG.

The tasks within patient care will be regulated via a contract with the Klinikum Bielefeld.

Applications from suitable persons with severe disabilities and persons with disabilities of equal status are expressly encouraged. Bielefeld University has received several awards for its successes within equality and is certified as a family-friendly university. The university pursues a committed equal opportunities policy concerning the appointment of professorships, among other things, and would expressly like to invite qualified female applicants to apply. Applications are treated in concert with the State Equality Act. Family times will be considered in the context of the selection decision.

The Medical School EWL and the Klinikum Bielefeld consider equality between women and men to be one main task, and the future jobholder will be involved in its implementation.

Bielefeld University promotes dual-career couples and supports them in creating a common place of work and life.

Please submit your application by **23/03/2023** via the online appointment portal of Bielefeld University: <https://berufungen.uni-bielefeld.de/>.

In addition to the usual application documents and information, we ask you to submit each a 2-page teaching and research concept paper and a concept concerning patient care. These concept papers should integrate gender- and diversity-specific content relevant to the advertised professorship. We expect a brief description of your previous and planned gender equality activities, besides, particularly for the promotion of young female scientists and the compatibility of career and family.
