

**Join us in shaping the new Medical School at Bielefeld University:  
Future-oriented, interprofessional, and strong in research and teaching**

The **Medical School OWL** at Bielefeld University intends to fill at the Department of Gynecology and Obstetrics at the **Klinikum Lippe** a

## **Professorship for Surgical and Translational Senology (W2)**

at the earliest possible date. Thereby associated is the position as senior physician at the Department of Gynecology and Obstetrics, division head of the certified breast center.

At Bielefeld University, an innovative Medical School with an interdisciplinary individual and population medicine orientation and the University Medical Center OWL (UMC OWL), with the Klinikum Bielefeld, Evangelisches Klinikum Bethel (EvKB), and Klinikum Lippe as holders, are established. We are looking for personalities who want to seize the development situation and its challenges as a chance and actively participate in research, teaching, patient care, and organization. We offer an exciting environment that opens up a wide range of opportunities. You will be significantly involved in the further planning and implementation of the model study program in human medicine (according to ÄApprO), as well as in implementing the "clinician" and "advanced clinician scientist" programs, and you will have the opportunity to apply innovative concepts in teaching. At the same time, you will take on a significant role in developing an interconnected, inter/nationally competitive research profile "Medicine for people with disabilities and chronic diseases". For more information, please visit <https://www.uni-bielefeld.de/fakultaeten/medizin/forschung/profil/>.

The call aims at personalities with a promisingly national and international profile who can represent the field of expertise in research, teaching, and patient care in its entirety.

The prerequisites are

- specialist qualification in gynecology and obstetrics as well as the additional designation of medical tumor therapy or the specialized designation of gynecological oncology,
- relevant doctorate, and additionally scientific achievements according to § 36 paras. 1; no. 4 HG NRW,
- excellent scientific achievements reflected in corresponding publications and third-party funding,
- broad clinical experience in the field of expertise and leadership experience,
- classification in mammasonography according to DEGUM II,
- focus on the field of diagnostic, surgical and translational senology,
- many years of experience in surgical oncoplastic-reconstructive breast surgery,
- connectivity to the research profile of the Medical School OWL,
- extensive teaching experience and experience with innovative teaching formats in the subject to be represented,
- experience and active involvement in the equality-oriented promotion of young scientists.

As the holder of the position, you will take over the division head of the certified breast center at the Department of Gynecology and Obstetrics at the Klinikum Lippe. The department is integrated into the Oncology Center of the Klinikum Lippe and is embedded in the multidisciplinary oncological interdisciplinary and partnership-based cooperation with doctors in private practice. The department cares for more than 5500 inpatients and approx. 6000 outpatients annually. The surgical spectrum covers the entire field of gynecology and gynecological oncology, including da Vinci and ICG/NIR

techniques. In addition to clinical care and active involvement in the expansion of an important focus in the Women's Health Center, your tasks will include working on gender- and diversity-sensitive research questions, such as male breast cancer and trans\*women after breast augmentation.

We expect networking with other departments of the UMC OWL, other faculties of Bielefeld University, and the medical community in private practice in the region. Accordingly, we are looking for a personality with leadership experience and expertise in the entire field and excellent communication and coordination skills.

The Klinikum Lippe would expressly like to invite women to apply. There is a wide range of offers to implement family-friendly working conditions. In addition to our day-care centers, we offer vacation care, reintegration during and after parental leave, placement of day-care workers, and help range in case relatives need care. All possibilities and variants of part-time employment are offered and agreed upon jointly between the doctor and management.

### **For the appeal applies:**

The requirements for employment follow § 36 HG.

The tasks within patient care will be regulated via a contract with the Klinikum Lippe.

Applications from suitable persons with severe disabilities and persons with disabilities of equal status are expressly encouraged.

Bielefeld University has received several awards for its successes within equality and is certified as a family-friendly university. The university pursues a committed equal opportunities policy concerning the appointment of professorships, among other things, and would expressly like to invite qualified female applicants to apply. Applications are treated in concert with the State Equality Act. Family times will be considered in the context of the selection decision.

The Medical School OWL and the Klinikum Lippe consider equality between women and men to be one main task, and the future jobholder will be involved in its implementation.

Bielefeld University supports dual-career constellations to establish a common center of life and work.

Please submit your application by **12/09/2024** via the online appointment portal of Bielefeld University: <https://berufungen.uni-bielefeld.de/>.

In addition to the usual application documents and information, we ask you to submit each a 2- page teaching and research concept paper and a concept concerning patient care. These concept papers should integrate gender- and diversity-specific content relevant to the advertised professorship. We expect a brief description of your previous and planned gender equality activities, besides, particularly for the promotion of young female scientists and the compatibility of career and family.
