

**Join us in shaping the new Medical School at Bielefeld University:  
Future-oriented, interprofessional, and strong in research and teaching**

The **Medical School OWL** at Bielefeld University intends to fill a

## **Professorship for Ear-Nose-Throat Medicine (W3)**

as a leadership position at the **Campus Klinikum Bielefeld** as soon as possible.

An innovative Medical School with an interdisciplinary individual and population medicine focus as well as the University Medical Center OWL (UMC OWL) with Klinikum Bielefeld, Evangelisches Klinikum Bethel (EvKB), and Klinikum Lippe as the operating entities has been established at Bielefeld University. We are seeking personalities who are willing to embrace the challenges and opportunities presented by the current state of development and take an active role in research, teaching, patient care, and organization. We provide an exciting environment that offers a wide range of opportunities. You will play a significant role in advancing and carrying out the model study program in human medicine (according to ÄApprO), as well as in implementing the "clinician" and "advanced clinician scientist" programs. You will also have the chance to apply innovative teaching concepts. Furthermore, you will play a central role in developing an interconnected, inter/nationally competitive research profile "Medicine for people with disabilities and chronic diseases". For additional information, please visit <https://www.uni-bielefeld.de/fakultaeten/medizin/forschung/profil/>

The call is targeting individuals with an already established national and international profile who can represent the field of expertise in research, teaching, and patient care comprehensively.

Qualifications required for the position:

- specialist qualification for Ear-Nose-Throat Medicine,
- relevant doctorate, with additional scientific achievements according to § 36 paras. 1; no. 4 HG NRW,
- high-ranking scientific achievements demonstrated through publications and third-party funding,
- extensive surgical experience including modern procedures,
- extensive clinical experience as well as leadership experience,
- alignment with the research profile of the Medical School OWL,
- extensive teaching experience and experience with innovative teaching formats in the subject to be represented,
- experience and active participation in the equality-oriented promotion of young scientists.

With 3 locations and 2 MVZs, Klinikum Bielefeld is a municipally run hospital providing maximum care for the clinical diagnosis, treatment and care of patients extending far beyond the local area of the city of Bielefeld. A major area of focus of the hospital is oncology: the Oncology Centre at Klinikum Bielefeld is included in the hospital plan of North Rhine-Westphalia and is certified according to the criteria of the German Cancer Society.

In this position, you will be leading the Department of Ear-Nose-Throat Medicine, Head and Neck Surgery at the Campus Klinikum Bielefeld, University Medical Center OWL of Bielefeld University. We are expecting high-level scientific expertise in a modern research field within the domain of Ear-Nose-Throat (ENT) Medicine. In addition, you will assume responsibility for the strategic development and implementation of the Department of Ear-Nose-Throat Medicine, Head and Neck Surgery including management and achieving results: The department covers the entire spectrum

of ENT Medicine with a particular focus on head and neck tumors (Head and Neck Tumor Center Klinikum Bielefeld-Mitte / Center for robot-assisted surgery at Klinikum Bielefeld) as well as neurootology. Research is also currently focused on inflammatory mechanisms in the middle ear and paranasal sinuses as well as hearing physiology (Cochlea Implantates).

We expect close collaboration with other departments of the UMC OWL, other faculties of Bielefeld University, and the medical community in private practice in the region OWL. Therefore, we are looking for an individual with leadership experience and expertise in the entire field of ENT Medicine along with excellent communication and coordination skills.

The Klinikum Bielefeld aims to increase the proportion of women in management positions and therefore strongly encourages women to apply. The Klinikum Bielefeld stands for a family-friendly working environment tailored to your wishes and requirements. We offer an in-house daycare center with the option of bilingual education.

**For the appeal applies:**

The duties of the professorship are expected to be carried out under a private-law employment contract with the University, in accordance with the requirements for employment outlined in § 36 HG. The tasks within patient care, including the right to liquidation, will be regulated via a contract for chief physicians with the Klinikum Bielefeld.

Applications from suitable persons with severe disabilities and persons with disabilities of equal status are expressly encouraged.

Bielefeld University has received several awards for its successes within equality and is certified as a family-friendly university. The university pursues a committed equal opportunities policy concerning the appointment of professorships, among other things, and would expressly like to invite qualified female applicants to apply. Applications are treated in concert with the State Equality Act. Family times will be considered in the context of the selection decision.

The Medical School OWL and the Klinikum Bielefeld consider equality between women and men to be one main task, and the future jobholder will be involved in its implementation.

Bielefeld University supports dual-career constellations to establish a common center of life and work.

Please submit your application by **12/09/2024** via the online appointment portal of Bielefeld University: <https://berufungen.uni-bielefeld.de/>

In addition to the standard application materials, we require the submission of 2-page teaching and research concept papers as well as a concept concerning patient care. These concept papers should include gender- and diversity-specific topics relevant to the advertised professorship. We also expect a brief description of your past and planned efforts to promote gender equality, in addition to supporting young female scientists and the compatibility of career and family.
